

Jet Mail's Marketing Management Platform **reduces operating costs** and streamlines marketing tasks.

## THE SITUATION

The firm was looking for a way to easily manage sales and marketing materials for their multiple offices and sales teams. The teams needed the ability to efficiently order customized marketing materials, manage their logistics and fulfillment to doctors. And the system had to provide cost analysis to determine ROI. They needed a solution defined and live for distribution in less than 30 days.

*"I can't say enough about the team at Jet Mail... Their turnaround time, accuracy, and print quality are some of the best I've seen in more than 10 years of working with print vendors. It's great to have a partner that can deliver on our Company's print and fulfillment needs, and keep up with the high volume of order activity from our Sales and Operations teams."*
